Freshman Admission Requirements

Admission to Elon is competitive. Elon seeks students from a variety of backgrounds with strong academic preparation who can contribute to and benefit from the university's many scholastic and extracurricular programs.

The most important factors in the admissions decision are the academic record (including courses taken and grades attained) and standardized test scores. Other factors which may be considered include leadership potential, extracurricular and service-related activities, special talents, relationship with the university and the ability to contribute positively to the campus community. Other than the Counselor Evaluation Form, recommendations are not required but will be included in the application file if submitted.

A student's high school academic record is a primary factor in every admissions decision. In general, students should have taken a rigorous selection of college preparatory or higher-level courses throughout their four years of high school. The most promising candidates for admission will have demonstrated solid achievement in five or more academic subjects each year. Minimum preparation must include:

1. English.....4 units (required)
2. Math.....3 units required, 4 recommended
(Algebra I & II and Geometry are required)
3. Science.....3 or more units, including at least one lab science
4. Social Studies 3 or more units, including U.S. History
5. Foreign Language.....2 units required, 3 recommended
(Students who have not completed at least two units in one foreign language must complete a 121-level foreign language course at Elon in addition to meeting the foreign language requirement for graduation.)

Freshman Admission Notification

Elon operates on a deadline admissions plan. Applicants will be notified of a decision according to the timetable listed above. Some applicants will be asked to submit new information to strengthen their chances for admission, usually with first semester grades and/or new SAT or ACT scores. All the files of the students who are asked to submit first semester grades will be reconsidered with the January 10 application pool and notified March 15.

All offers of admission are contingent upon satisfactory completion of the senior year courses and a continuing record of good character. Elon reserves the right to withdraw an acceptance for unsatisfactory academic performance or social behavior.

Transfer Admission

Transfer students are admitted to Elon University based on their academic record at the institution from which they are transferring. In order to graduate, at least 60 semester hours must be completed at Elon, including the last term before graduation.

Transfer students are required to have 24 transferable college-level credits demonstrating a record of consistent success and a minimum cumulative GPA of 2.5. In addition, the student must be eligible to return to the last institution attended and be recommended by college or university officials.

In order to be considered for transfer admission a student must:

1. Submit a completed and signed Application for Transfer Admission with the \$40 application fee.
2. Have official transcripts sent from all two-year or four-year institutions attended.
3. Have a Dean's Evaluation Form completed by the dean of the last institution attended verifying eligibility. This form is not required if the student has received an associate degree.
4. Have an official final high school transcript and SAT or ACT scores sent. The SAT/ACT requirement may be waived for some advanced students or nontraditional students who did not take the test while in high school.

Transfer Admission Deadlines

The priority deadline for transfer applications for the fall semester is June 1; for spring semester, December 1. After these dates, applications will be considered on a space-available basis. (Students seeking housing on campus will want to apply as soon as possible, as housing for transfers can become limited.)

Transfer Credit

Students earn credit for college-level courses taken through college parallel programs at accredited junior colleges or community colleges and for courses taken at accredited four-year colleges and universities. Transcripts are evaluated and credit is awarded on a course-by-course basis after the student has been accepted for admission. The freshman course, GST 110 Global Studies, is waived for students transferring 18 hours or more. This applies to transfer students only, not freshmen entering college for the first time.

No more than 65 semester hours of credit will be allowed from two-year institutions. No credit is allowed for courses with a grade lower than “C-.” Credit will not be given for courses taken while a student is under academic suspension.

International Student Admission

Elon University values intercultural experiences in education. International students from over 40 countries attend Elon each year. Prospective students from outside the United States can obtain admissions packets from the Office of Admissions. International students must submit the freshman application with a nonrefundable U.S. \$40 application fee, original secondary school transcripts and certified translations, official SAT or ACT scores, personal statement and, for students attending American and International Schools abroad, a completed Counselor Evaluation Form. While not required for an admissions decision, a completed certificate of Financial Responsibility is recommended at the time of application. This will expedite the VISA process for enrolling international students.

12

In addition to the SAT or ACT, the Test of English as a Foreign Language (TOEFL) is required unless English is the student’s native language or the language of instruction. Presidential scholarships are available for students with outstanding academic records and SAT scores.

International students may apply online at Elon’s Web site, www.elon.edu. Applications and documentation should be submitted as early as possible since it may take several months to receive and process forms from outside the United States. International inquiries may be directed to the office by calling 336-278-3566; fax is 336-278-7699; e-mail address is admissions@elon.edu.
