

Below is a list to get you started on pre-requisites for a MS in Nutrition. It is important for you to look at schools and determine requirements because while the main requirements are common, some schools require slight variations. The American Society for Nutrition website at www.nutrition.org is a great resource for additional information (they have a graduate program directory).

Common Course Requirements:

- 2 semesters General Biology (w/ lab) (*BIO 111/113 and BIO 245/246*)
- 2 semesters General Chemistry (w/ lab)
- 2 semesters of Organic Chemistry (w/lab)
- Physiology
- Biochemistry
- Nutrition

Additional Course Requirements or Common Recommendations:

- Psychology
- Anatomy
- Statistics

Other Common Requirements:

- GRE
- Letters of recommendation
- Typically minimum GPA 3.0
