

**End of Semester Report – Faculty Mentors of Honors Fellows Enrolled in HNR 498/Thesis**

Thank you for mentoring an Honors Fellow in his/her thesis work. The Honors Program would like to have a candid assessment of the student's progress. Your recommendation is necessary in order for the student to continue the thesis work. If everything is going well, this can be a brief report or email to the director. If there are issues that need to be addressed, please provide more detailed responses. The student should have written an end of semester report as well and given you a copy by the last day of the semester. **Please submit your report by email to Maureen Vandermaas-Peeler ([vanderma@elon.edu](mailto:vanderma@elon.edu)) by the day final grades are due.**

Name of Mentor \_\_\_\_\_ Name of Student \_\_\_\_\_

Thesis topic \_\_\_\_\_

Signature \_\_\_\_\_ Date \_\_\_\_\_

Overall, how productive and hard-working has the student been?

Has the student met the expectations laid out in the contract – attended regularly scheduled meetings, come on time and prepared, done what was asked, met deadlines, etc?

Has the student worked well independently, taken initiative, explored appropriate avenues, thought critically, displayed enthusiasm, responded appropriately to constructive criticism?

Does the student seem to be on track with the timeline set out and will s/he be able to complete the thesis on time? If not, please explain.

Are there any other problems or significant accomplishments you'd like to report?

Student GRADE for the semester:

Do you recommend that this student continue on with the thesis project? If not, please explain.
