Study Abroad Course Guide

1. What requirements do I need to complete during the semester I'm studying abroad in order to graduate on time? How much flexibility do I have with my course selection?

In my major(s)?

In my minor(s)?

Core Curriculum requirements?

Is there any specific Elon course(s) or requirement(s) that only fits in my schedule the semester I hope to study abroad?

Do I have room to take any free electives during the semester I'm abroad?

2. How many semester hours do I have to complete during the semester I'm studying abroad in order to graduate on time?

3. What courses are being offered at the host institution? Which ones seem, based on the course descriptions, to be a good fit for the course(s) I need to take?

4. Select courses from offerings based on your answers to questions 1 and 2.

5. Think through some alternate scenarios and develop second and third choices accordingly. If I don't get my first choices or if I can't take the Elon requirements I was hoping to take while I'm abroad, what else can I take and still graduate on time?
### 1st YEAR COURSES

- **Fall**: 
- **Winter**: 
- **Spring**: 
- **Summer**:
