Invoice Example .......................................................................................... Page 15
The Invoice Example demonstrates the elements required for a complete invoice when billing subaward expenses.

Invoice Monitoring Guide .......................................................................... Page 16
The Invoice Monitoring Guide is a list of 10 questions to consider when monitoring invoices for completeness and compliance with Elon's policies.

Subrecipient Monitoring Record ............................................................... Page 17
The Subrecipient Monitoring Record is used to document monitoring efforts and maintain an audit trail.

Problematic Subrecipient Letter ................................................................. Page 18
The Problematic Subrecipient Letter is sent to subrecipients when a subrecipient is identified for late billing, communication difficulty, or any other factor related to noncompliance or potential noncompliance.
Subrecipient Monitoring Process

This list provides an overview of the subrecipient monitoring process.

AWARD STAGE

- Perform a Subrecipient Risk Assessment with special consideration for new subrecipients.
- Develop a subrecipient monitoring plan and consider:
  - Potential risk as determined by risk assessment and/or questionnaire.
  - Additional monitoring for potentially problematic subrecipients.
- Complete the Domestic or Foreign Subrecipient Profile Questionnaire.
- Check award dates and budgeted dollars.
- Develop a subrecipient monitoring plan and consider:
  - Additional monitoring for potentially problematic subrecipients based on risk assessment and/or questionnaire.
- Potential issues identified in monitoring plan at proposal stage.

MANAGING STAGE

- Follow or develop monitoring plan with consideration of:
  - Level of communication with subrecipient.
  - Analysis of funds spent versus programmatic work completed to date.
  - Technical Reports, Progress Reports and other deliverables.
  - Late invoices, communication with subrecipient.
- Review invoiced costs for:
  - Allowability and applicability.
  - Appropriateness.
  - Accuracy.
- Propose risk-mitigation strategies for problematic subrecipients.
Stages of Subrecipient Monitoring

Initial Award Stage

The goal of subrecipient monitoring efforts at this stage is to ensure that the subrecipient is capable of compliantly spending the federal funds and meeting the project goals.

Compliantly performing a risk assessment: A risk assessment should be performed to assess the potential risk level of a subrecipient. This step is especially helpful for subrecipients with whom Elon has had no previous experience. A questionnaire relating to the organization’s financial and management strength can be completed internally or by the subrecipient.

Developing a monitoring plan: The results of the risk assessment should be used to determine the frequency and scope of subrecipient monitoring. The monitoring plan should include strategies to mitigate potential risks of non-compliance.

Useful tools:
- Risk Assessment Matrix
- Domestic Subrecipient Profile Questionnaire/Foreign Subrecipient Profile Questionnaire
- Subrecipient Monitoring Plans

Ongoing Monitoring

Ongoing monitoring includes activities undertaken to monitor the subrecipient’s administration, billing and progress as well as on-going risk assessments (i.e. review of annual audit findings).

Communication with subrecipient: Frequent communication between the Project Director/Principal Investigator, departmental staff and the OSP at Elon and the subrecipient institution is essential to ensure a compliant and successful collaboration. A letter and/or invoice example that outlines the required documents needed to comply with Elon and agency policies can be sent to the subrecipient with new awards.

Invoices: To ensure proper use of sponsor funds, invoices must be monitored for completeness.

Record of subrecipient monitoring efforts: Best practice dictates documenting all efforts related to subrecipient monitoring, especially if there are issues such as late billing or communication difficulty.

Useful tools:
- Welcome Letter for New Subrecipients
- Sample Invoice
- Invoice Monitoring Guide
- Subrecipient Monitoring Record
- Problematic Subrecipient Letter

Award Closeout

Award closeout includes activities related to ensuring that the work was performed and properly billed. At the end of the award, the department is responsible for ensuring that all documentation related to project performance and financial obligations are received. Subrecipient monitoring activities that should be performed at award closeout include:

- Verify that all funds have been spent.
- Review all technical/financial reports provided by the PD/PI. OSP will also contact the PD/PI to verify that all project deliverables and obligations have been met.
## Risk Assessment Matrix

**How to use:** The Risk Assessment Matrix is used by the OSP to assess the level of risk posed by the subrecipient. If Elon is issuing a subaward to an organization with whom the University has no previous relationship, it is advised to perform a risk assessment at the award stage to determine if a monitoring plan is needed.

*Initial Award Stage Monitoring*
Risk Assessment Appendix: Subrecipient Monitoring at Elon & Examples of Monitoring Activities

Elon employs a risk-based approach to subrecipient monitoring, focusing more frequent and robust monitoring efforts on those subrecipients who are deemed to pose an elevated risk for potential non-compliance.

The Risk Assessment Matrix:

The Risk Assessment Matrix is a tool designed to assess a subrecipient's risk and help determine the level of monitoring required. The examples in the matrix are intended as guidance; a complete risk assessment should consider the subrecipient and subaward on a case-by-case basis.

<table>
<thead>
<tr>
<th>Explanation of risk levels:</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>HIGH</strong> – The risk associated with engaging the subrecipient could compromise the project's goals, objectives, or compliance with the prime sponsor's terms and conditions.</td>
</tr>
<tr>
<td><strong>MEDIUM</strong> – The risk associated with engaging the subrecipient could result in Elon operating inefficiently and/or expending unplanned resources to meet the project's goals and objectives.</td>
</tr>
<tr>
<td><strong>LOW</strong> – The risk associated with engaging the subrecipient has no anticipated measurable effect on the achievement of the project's goals and objectives.</td>
</tr>
</tbody>
</table>

Threshold Questions: A subaward cannot be issued if the agreement meets any of the following requirements:

- The subrecipient is debarred or suspended
- The subrecipient has a non-compliant conflict of interest policy in place, if required by the sponsor/award
- The subaward meets any of the criteria required for provostial review.

- Financial management and accounting systems are inadequate to account for award funds in accordance with federal requirements

Examples of monitoring activities to include in subrecipient monitoring plan based on results of the risk assessment:

**Monitoring Activities to Consider for Organizational-based Risk:**
- Require invoices and award documents are in U.S. dollars
- Require that costs are supported by adequate documentation such as vendor invoices, canceled checks, effort reporting, approved purchase orders, receiving documents
- If organization does not have a negotiated indirect cost rate, require subrecipient to provide their policy/information on how they plan to charge overhead (minimum of 10% of MTDC)
- Schedule site visits to review records and observe operations
- Arrange for limited-scope audits of certain activities
- Require third-party evaluations

**Monitoring Activities to Consider for Subaward-based Risk:**
- Review supporting documentation to determine if program compliance requirements are being met, if program activities meet program objectives, and if activities are allowable
- Specify frequency for technical reports, e.g. monthly or quarterly
- Require PI approval on all invoices
- Provide technical assistance and training if needed
- Add more stringent termination or stop-work language for failure to comply with requirements
Domestic Subrecipient Profile Questionnaire

**How to use:** The questionnaire is used to help determine a subrecipient organization's financial and management strength, which helps assess risk and dictates the monitoring plan for domestic subrecipients. The questionnaire should be completed by the subrecipient at the initial phase of the award.

Fill out the information below, as appropriate or verify the information below and make corrections or additions as needed.

Foreign Subrecipient Profile Questionnaire

**How to use:** The questionnaire is used to help determine a subrecipient's financial and management strength which helps assess risk and dictates the monitoring plan for foreign subrecipients. The questionnaire can be completed by the subrecipient at the OSP's discretion during any phase of the award. The OSP may add information most useful for developing a monitoring plan.

## I. GENERAL INFORMATION

<table>
<thead>
<tr>

</tr>
<tr>
<td>YES</td>
</tr>
</tbody>
</table>

## II. INTERNAL CONTROLS

Internal controls are procedures, which ensure that: 1) financial transactions are approved by an authorized individual and adhere to laws, regulations and the organization's policies, 2) assets are kept safely, and 3) accounting records are complete, accurate, and maintained on a regular basis. Please complete the following questions concerning organization's internal controls:

| Are timesheets kept for each paid employee? |
|---|---|---|
| Is each employee's salary stated in an employment letter or contract? |
|---|---|---|
| How often are equipment audits performed? |
|---|---|---|
III. ACCOUNTING SYSTEM - Subrecipients who have current audit reports performed by an independent auditor do not have to complete Section III and instead may enclose the last two years’ audit reports.

The purpose of an accounting system is to: 1) accurately record all financial transactions, and 2) ensure that invoices, timesheets, and other documentation support all financial transactions. The type of accounting system often depends on the size of the organization. Some organizations may have computerized accounting systems, while others use a manual system to record each transaction in a ledger. In either case, award funds must be properly authorized, used for the intended purpose, and recorded in an organized and consistent manner, consistent with CAS Standards.

| Does organization have written accounting policies and procedures? If yes, please provide a copy. If no, please explain how transactions are recorded, cash disbursements are made, and account system is managed. | YES | NO | N/A |
| Are financial reports prepared on a cash basis or accrual basis? | YES | NO | N/A |
| Do accounting records separate the receipts and payments of an award from the receipts and payments of other activities? | YES | NO | N/A |
| Do accounting records record award expenditures according to budget categories such as salaries, supplies, travel, and equipment? If no, please explain. | YES | NO | N/A |
| Are invoices, vouchers, and timesheets for all payments made from award funds maintained? If there are circumstances where these documents cannot be, or will not be, maintained, please explain. | YES | NO | N/A |
| Will any cash from award funds be kept outside the bank account (in petty cash funds, etc.)? If yes, please explain the amount of funds to be kept and the name and position/title of the person responsible for safeguarding cash. | YES | NO | N/A |

Please provide the banking and/or Wire Transfer/ACH Transfer information below:

Name of Bank:  
Account Number:  
Wire ABA Number:  
ACH ABA Number:  
Swift Code Number:  
Subrecipient’s authorized signatories:

IV. AUDITS – Subrecipients who have current audit reports, which have been performed by an independent auditor, do not have to complete Section IV and instead may enclose the last two years’ audit reports. If organization does not have audited financial statements, please submit a copy of the organization’s Balance Sheet and Revenue and Expense Statement for the current fiscal or calendar year.

Elon University may require an audit of the subrecipient organization’s accounting records. An audit is a review of accounting records by an independent accountant/firm to assess whether the financial information is correct and free of material misstatements.

Are there any reasons (local conditions, laws, or institutional circumstances) that would prevent an independent accountant from performing an audit? If yes, please explain:  
YES | NO | N/A |

ADDITIONAL COMMENTS & SPECIAL CONSIDERATIONS
Subrecipient Monitoring Plans

**How to use:** The monitoring plans are suggested examples of subrecipient monitoring plans to implement based on a subrecipient's perceived riskiness. The Risk Assessment Matrix is used in tandem to help determine the potential riskiness of an organization. If the risk assessment reveals a high potential for financial risk, the OSP will develop a proposed risk mitigation strategy where the frequency and monitoring strategies are based upon the specific organization and the nature of the scope of work to be completed by the subrecipient.

**Elon University**
**Subrecipient Monitoring Plans**

**NOTE:** Using the guidance provided in the Risk Assessment Matrix, determine which monitoring plan applies to the subrecipient.

- Review audit reports through the FDP site and Federal Clearinghouse
- Review invoices and reports to ensure:
  - Timeliness, completeness and accuracy
  - Project is in line with spending
  - PI approval states "okay to pay"
  - Work is performed within the period of performance
  - Compliance with special terms (if applicable)

Review *all* steps in the "Lower Risk" category in addition to the following:
- If findings exist in the subrecipient’s audit report, determine how material they are and the risk(s) involved (operational, financial or compliance risks)
- Request and monitor invoices more frequently (monthly vs. quarterly)
- Request and review financial reports more frequently (if possible)

Review *all* steps in the "Lower Risk" and "Medium Risk" categories in addition to the following:
- Exercise your right to audit or consider performing a site visit or desk review
- Request supporting detail for all financial invoices and expenses
- Request regular contact and communication with the PI
- Document conversations and retain pertinent emails
- Work with Accounting to withhold payments if necessary
Welcome Letter for New Subrecipients

How to use: This letter can be sent to new subrecipients from the OSP to introduce the institution to Elon and provide an outline of the required documents needed to comply with Elon and funding agency requirements. The letter will be sent in conjunction with any documentation such as the invoice example.

Ms. Jane Doe
Grants and Contracts Specialist
Hypothetical University
123 Main Street
Anywheresville, USA 12345

Re: Subagreement No. xxxxx between Elon University and Hypothetical University under DARPA Prime Award No. xxx-yyyy-zzz
Elon PI: Dr. John Doe

Dear Subrecipient:

On behalf of Elon University, the Office of Sponsored Programs (OSP) is pleased to welcome you as a subrecipient and collaborator on the above referenced sponsored project. Elon University is responsible for the programmatic and financial monitoring of Elon sponsored award subrecipients.

In addition to the proposed subagreement, this welcome package provides important information and documentation that is critical to the successful administration and fiscal management of your subagreement. The documents enclosed are:

The proposed subagreement between your institution and Elon, containing all relevant budgetary, programmatic, administrative and financial information, terms and conditions, and reporting requirements;

A subrecipient invoice example is attached which your institution may use as a template for billing Elon for the reimbursement of project expenses. If you opt not to use this template, please ensure that your invoices include the same information as provided in the template.

A Subrecipient Profile Questionnaire, which should be completed and returned to the OSP; (NOTE: replace with Foreign Subrecipient Questionnaire if necessary)

At your earliest convenience, please execute the attached subagreement and return them to my attention. Questions of a technical or programmatic nature may be directed to the Elon principal investigator at [ElonPI@elon.edu].

We look forward to working with you in facilitating a productive collaboration.

Sincerely,
John Q. Contracts.
Invoice Example

**How to use:** The sample invoice demonstrates the elements required for a complete invoice when billing Elon University. The department can send it to subrecipients as part of the welcome package or when resolving billing issues.

Invoice Monitoring Guide

Guide for review of subagreement invoices

1. Are the expenses allowable per the subagreement and the prime award? Remember the prime award requirements and budget restrictions flow down to the sub-recipient.

2. Are the invoiced expenses included in the subagreement budget? The subrecipient should only invoice for approved expenses per the subagreement or ask for approval of budget changes when necessary to modify the original terms/budget.

3. Are the expenses in the agreement consistent with the programmatic plan or work completed to date? The expenses invoiced should agree with the work incurred.

4. Were all the expenses incurred within the subagreement start and end dates? Ensure that the dates on the invoice are within the subagreement dates.

5. Are the cumulative expenses within the overall approved budget amount? Ensure that subrecipients are not invoicing for amounts over the approved budget.

6. Are the invoice expenses per budget category in agreement with the budgeted amount per line item category?

7. Do expenses appear to be based on actual expenses? (Cost reimbursable subcontracts require invoicing based on actual expenses only.)

8. Does the invoice total correctly?

9. Are the Facilities & Administration (F&A) costs calculated correctly with the correct and agreed upon rate for the subrecipient?

10. Does the invoice have an institutional official signature and contain the following statement: “I certify that all expenditures reported (or payment requested) are for appropriate purposes and in accordance with the provisions of the application and award documents.” (Requirement of OMB Uniform Guidance)

REMEMBER: Most invoices do not include a large amount of detail. Ask the sub recipient for back-up documentation on specific budget line items if something does not appear correct. IF THERE ARE ANY QUESTIONS ON THE INVOICES, DO NOT APPROVE UNTIL ALL ITEMS ARE APPROPRIATELY RESOLVED.
Subrecipient Monitoring Record

**How to use:** The Subrecipient Monitoring Record is used to document subrecipient monitoring efforts and maintain an audit trail. Use of the tracking record is encouraged at all risk levels but is strongly encouraged for medium and high risk subrecipients.

Problematic Subrecipient Letter

**How to use:** The Problematic Subrecipient Letter is sent to subrecipients when a subrecipient is identified for late billing, communication difficulty, or any other factor related to noncompliance or potential noncompliance.

Name  
Title  
Institution  
Street Address  
City, State ZIP

Subject: Elon University Subrecipient Monitoring

Dear __________:

Elon University employs a risk-based approach to Subrecipient Monitoring and reviews all subagreements across the University. Based on experiences at the department and/or school level, Elon’s OSP determines that subagreements are compliant with Elon policy and federal regulations.

Your institution has been identified by Elon as requiring further inquiry due to inconsistent invoicing. Invoices are not being received in a timely fashion and do not reflect the degree of completeness that we require in order to submit our financial reports. (specific wording inserted here depending on the problem identified)

Please note that your invoices should include a breakdown of expenses incurred by category for the period being invoiced and a total of the expenses incurred for the project period. Invoices must be submitted within 45 days of the period covered by the invoice. The final invoice is due within 60 days after the end date of the Period of Performance.

We value our collaboration with your organization; however, late and/or incomplete invoices can cause financial reports to be submitted late to sponsors, which is an area that has been identified as an area of high scrutiny. It is extremely important that we receive invoices from your institution/organization in a timely manner. Elon also welcomes the opportunity to resolve any administrative problem or clarify any miscommunication.

Your attention and cooperation regarding this matter is greatly appreciated.

Best regards,

Bonnie S. Bruno, MPA, CRA  
Director of Sponsored Programs
