Housing Accommodations Procedure

Students may request accommodations in their residence halls by completing a Housing Accommodations Request Form, which includes documentation of a substantially limiting condition from their physician or other appropriate professional.

Please complete the following three forms and submit to the Office of Disabilities Services:

1. Student-completed form: “Housing Accommodations Request Form”

2. Student-or parent-completed form: “Permission for Release of Information”

3. Student and physician-completed form: “Documentation of Disability-Related Need for Housing Accommodations.” In addition to this form the physician must include, ON LETTERHEAD, the date of the most recent office visit of the student, his/her professional credentials, and his/her signature.

The requests for housing accommodations must be submitted to Disability Services prior to **February 12, 2016**. Incoming students must submit this information by **May 14, 2016**. Housing requests will be accommodated based on the level of need and space availability. Requests turned in after this date will be subject to space availability.

Request Process:

1. Student submits request forms.
2. The Housing Accommodations Committee reviews application.
3. Residence Life sends a letter to the student notifying him/her whether or not the request can be accommodated. If approved, the letter will include assignment information and instructions for proceeding through the housing selection process.
