United States immigration regulations require that each student who applies for a student visa must show evidence of sufficient funds available to cover all expenses for at least one academic year. The university must have that evidence before we can issue an I-20 or DS-2019, which is required to obtain a visa. Therefore, your admissions application must include the Certificate of Financial Responsibility, as well as a bank statement (or a letter from your sponsor’s bank) dated within six months of the start of the first semester at Elon showing the amount of funds available. If your sponsor is not your parent or yourself, please include a brief letter from your sponsor stating the relation and his/her intent to support all your expenses during your time at Elon University.

**The total cost for an academic year (two semesters) at Elon University is $46,670.**

**Please list below all sources of your financial report:**

From parent or self………………………………………………………………………………… $

From government agency, private foundations, bank or other agency……………………. $
(Submit the original form or notarized copy of your award)

From sponsor (other than parents)……………………………………………………………… $

Total amount for this year…………………………………………………………………. $
*This amount must represent at least the total amount of $46,670.*

By signing your name on this form, you certify that the information you have provided is an accurate statement of your financial resources available for your studies at Elon University.
