

ELON UNIVERSITY

Application for Transfers

If you are enrolled in a middle or early college program, you should complete the Application for Freshman Admission.

Transfer Admission Requirements

Transfer students are admitted based on their academic records at the institutions from which they are transferring. To graduate, you must complete 60 semester hours or more at Elon, including the last term before graduation.

The Admissions Committee considers the following criteria for entry into Elon:

- ▶ A minimum grade point average of 2.7 from a two-year or four-year accredited institution based on at least 12 college-level transferable credits (full-time semester) in the liberal arts and sciences such as English, mathematics, social sciences and natural sciences
- ▶ A record of consistent success in all courses
- ▶ Eligibility to return to all institutions attended and Dean's Evaluation Forms from all colleges/universities attended
- ▶ A final official high school transcript
- ▶ SAT/ACT scores

Transfer Credit

Students can earn credit for courses taken through college transfer programs at accredited junior colleges or community colleges, and for courses taken at accredited four-year colleges and universities. Transcripts are evaluated and credit is awarded on a course-by-course basis after you have been accepted for admission to Elon. Two-year degrees do

not transfer in as a package. The freshman course Global Experience (GST 110) is waived for students transferring with 18 hours or more.

No more than 65 semester hours of credit will be transferred from two-year institutions. No credit is allowed for courses completed with a grade lower than "C-" or for courses taken while a student is under academic suspension.

Other rules governing transfer credit include the following:

- ▶ Courses must be in the same academic department that Elon offers and must be similar in nature.
- ▶ Courses that are in the same department but are not similar in nature usually transfer as elective credit.
- ▶ Courses with a grade of "C-" or better are transferred. Both the hours (credits) earned and the course itself usually transfer. The grade does not transfer.
- ▶ Courses that are considered general college courses, such as sociology, history or literature, usually transfer. Credit from developmental courses does not transfer.
- ▶ Semester hour credit will transfer the same (3 hours for 3 hours).

Although Elon's academic program is based on a four-credit-hour system, three-credit-hour courses are accepted if the course description matches that at Elon. Your academic adviser at Elon will assist you in choosing courses to make this adjustment after you transfer.

How to Apply

- ▶ Complete and sign the Elon University Application for Transfer Admission. Send it with a non-refundable U.S. \$50 application fee to the Admissions Office. You may also apply online at www.elon.edu/admissions/apply.
- ▶ Send official transcripts from all two-year and four-year colleges attended, including colleges attended under dual enrollment during high school.
- ▶ Have a Dean's Evaluation Form verifying your eligibility completed by the dean of students at each college you attended.
- ▶ Send a final official high school transcript and SAT or ACT scores to Elon. The SAT/ACT may be waived for some advanced students or nontraditional students who did not take the test in high school.
- ▶ Have official Advanced Placement scores sent from College Board if applicable.

Send the above items to:

Deadlines

The priority deadline for a transfer application is June 1 for the fall semester and December 1 for Winter Term and spring semester. After these dates, transfer applications will be considered on a space-available basis. Transfer applications are reviewed on a rolling basis. Typically students are notified of a decision within four to eight weeks from the time the application is complete.

OnTrack Online System

Elon will provide you a username and password to access all information regarding your application within two to five business days upon receipt of your application. You will be able to follow all steps in the admissions process from applying to being a deposited student.

Preregistration

Transfer students who have been accepted to Elon and have paid their deposits are able to preregister by telephone with the Academic Support Center. Fall semester preregistration is held from June to mid-July, and spring semester preregistration is from December to mid-January. Information will be sent to accepted transfer students by the Academic Support Center well in advance of these dates.

Housing Information

Since on-campus housing is limited, transfer students who wish to live on campus are encouraged to apply early and, once accepted, to send in their enrollment/housing deposits (U.S. \$500) as soon as possible.

Cost and Financial Aid

Elon's most important financial aid policy is to keep costs as low as possible. If you plan to apply for financial aid, Elon requires you to submit the FAFSA, CSS PROFILE and Elon Aid Application. The FAFSA and PROFILE should be available from your current institution or online.

If you need an Elon Aid Application, please call the Admissions Office to request one or visit www.elon.edu/finaid. The aid applications should be submitted by mid-February.

Costs are set annually in March. For the most current information, visit www.elon.edu/finaid.
