## Michael Leonard, Director and Head Men's Tennis Coach

Coach Leonard begins his 6th year at Elon University. With Leonard at the helm Elon has finished no lower than second in the Southern Conference in each of the last four seasons, winning the league title in 2006 and 2007. In 2009, Elon produced a 21-6 record 9-1 in Conference play, this marked the second 20 win season under Leonard's tutelage. That same year Damon Gooch and Philip Nemecek became the first-ever Elon players to be selected to the NCAA Championship. Leonard's team have amassed an astounding 33-4 Southern Conference slate over the past four years while establishing Elon as a perennial SoCon power. For his efforts, he was recognized as the SoCon Coach of the year in both 2006 and 2007. In 2007, Leonard led Elon to its first ever SoCon Tournament championship in any sport, earning an automatic bid to the NCAA Championship with a 23-3 overall record. That year Elon finished the year ranked 44th in the country.

Previously he was Director of Tennis at the Raleigh Racquet Club and was in charge of one of the largest junior programs in the South with 200 juniors. An Elon graduate who was a member of the 1990 NAIA National Championship team and two time All American, he was the Elon Male Athlete of the Year and was inducted into the Elon Hall of Fame in 2001.

## Elizabeth Anderson Head Women's Tennis Coach

Coach Anderson is also in her 6th year at Elon University. In 2009 the team finished with a 13-12 overall record. In 2008, the women's tennis team had their most successful NCAA Division I season posting a 15-10 record and advancing to the semifinals of the Southern Conference tournament, also a first for the program. In 2007 the women's team under Anderson posted a 13-10 record and finished fourth in the 10 team Southern Conference. Prior to her coming through, she was an Assistant Coach at Auburn, UNC Chapel Hill, and the University of Idaho. Along with holding these positions, she has taught tennis at several clubs throughout the Carolinas following playing college tennis at NC State and UNC Wilmington. She earned a masters in physical education with an emphasis in sports psychology at the University of Idaho.

Will feature a fine dependable staff allowing for a 4:1 or 5:1 student teacher ratio. Top ranked collegiate athletes will be assisting in the camp instructions.

A package of secondary insurance is provided by the camp and is included in the camp tuition.

The 12 lighted court complex and superior surrounding landscape make for the perfect place to host this event. If it rains meet at East Gymnasium located beside the tennis courts. Indoor courts will be accessible.

Parents are encouraged to come and watch their kids play. The last night and last morning are ideal times as the popular team tennis is played.

Professional pictures will be taken by Digital Difference. To view and purchase go to [www.digidiff.com](http://www.digidiff.com) at the end of camp.
