Recruiting Regulations Subsequent to Signing NLI

Subsequent to the calendar day on which a prospective student-athlete signs a National Letter of Intent (“NLI”), there is no limit on the number of telephone calls placed by the coaching staff of the institution with which the prospective student-athlete has signed. The restrictions on the number of contacts and evaluations a coach is permitted to have per prospective student-athlete also become less restrictive once the prospect signs a NLI.

After a prospective student-athlete signs a NLI, they remain a prospective student-athlete and does so until they officially register, enroll, and attend classes full time at the institution or participates in regular season practice/competition that occurs before the beginning of the term. Only coaching staff members may contact prospective student-athletes, including those who have signed NLI. Boosters may not telephone, have written correspondence (including emails) or have on or off campus contact with a prospect. Boosters may not provide or arrange financial assistance, directly or indirectly, to pay a prospect’s expenses (educational or otherwise) for any period prior to or after their college enrollment. Prospective student-athletes and their family friends may not receive extra benefits from institutional staff members not boosters, including after they have signed a NLI.

“Recruiting” and “Playing and Practice Season” Logs are due at the beginning of each month. Please submit them to Clay Hassard or Kyle Ostendorf.
