Need Advice?
This month’s topic is...

RETREATS!!

Retreats can be big or small and fun or formal. Questions you may want to start with are:

• What do you want to accomplish at a retreat?
• Do you want to plan for a semester or the year?
• Do you as a group need to get to know each other or rebuild your teamwork?
• How long do you need? Do you want to go away for the weekend or make it an on campus retreat?
• What kind of icebreakers or teambuilding activities will “spice” up the retreat?
• Do you have mini activities planned to keep the groups attention between transitions?

Depending upon what your organization needs to accomplish it is key to think of how much time it will take. Remember not to cram everything into one weekend, but rather plan strategically so you do not overwhelm your organization!

If you need help planning a retreat or need ideas for retreat locations contact the Consulting Team in the Center for Leadership.

Happy Retreating!!
