

Student Health Insurance Requirements and Resources

Elon University is committed to the health and well-being of all of its students.

Health Insurance is required as a condition of enrollment for:

- Full-time, degree-seeking domestic undergraduate students
- Degree-seeking domestic graduate students
- International students with F or J visas
- Undergraduate students who are degree-seeking students who only need part-time status to complete their degree

Students must provide proof of insurance coverage prior to initial matriculation on their Health History Form and to notify Health Services immediately if their insurance policy/coverage changes throughout their time at Elon. Students who need to update their insurance policy may do so by sending a copy of their updated insurance card to healthservices@elon.edu. Your insurance coverage should cover emergency treatment at local hospitals/clinics as well as coverage by off campus specialists if needed.

Domestic students (undergraduate and graduate students) may have access to health insurance through several means. All plans must meet the minimums standards as required by the [Affordable Care Act](#). Acceptable insurance plans may include coverage as a dependent on a spouse, partner or parent's insurance plan. This may include your coverage in an employer sponsored plan, state marketplace plan or other insurance plan. More information about eligibility in your state may be found at [Affordable Care Act Marketplace](#) .
