Job Information:

Chemistry Department Lab Technician, Elon University	Summer 2008- Present
Biochemistry Department Lab Technician, East Carolina University	Summer 2009- Present

Homecoming information:

Due to the fact that Homecoming has been shortened this year, it will be different from years past. Homecoming takes place from Wednesday, October 21<sup>st</sup> through Friday, October 23<sup>rd</sup> with the big game on Saturday, October 24<sup>th</sup> where we take on Chattanooga. Throughout the week, some events which have taken place during previous Homecomings will be cut and other events will be replacing them. The members of the Homecoming committee and I have already begun planning activities and are very excited about this year's Homecoming!
