The staff this summer has been working hard to create an information-packed and fun schedule for training. There is some time for you to relax and have time to run errands, chill out, or sleep a bit!!! Before we know it, it will be August 27th and our residents will be here. So get ready!

## ONE -COMMUNITY-WORLD

The professional staff has been hard at work to create a new residence life curriculum. The curriculum focuses on distinct areas of **One** (individual development and learning, life skills, basic needs,) **Community** (relationships with roommates, floormates, and the Elon community) and **World** (issues and involvement beyond the walls of Elon).

You are critical in helping to carry out this mission. Through programming and other means, you will help to create environments where we where we will build one world community!

You will receive further information and training on this when you arrive in August!
