ELON UNIVERSITY
Leadership Camp
Engaging summer learning experience centered on developing leadership skills in rising 4th and 5th grade students
Free to All Selected Campers!
July 11 - July 20 2016

PURPOSE
To provide an engaging summer learning experience centered on the development of leadership skills for rising 4th and 5th grade students enrolled in a Title I elementary school in the Alamance-Burlington School System.

Supervised by Elon University M.Ed. candidates in the field of Elementary Education, the eight-day camp allows for upper elementary students to learn the characteristics of a good leader, helpful ways to communicate, how to problem solve with others, and how they are developing as leaders.

GOALS

• To have the elementary students understand and appreciate the qualities of a good leader
• To provide the elementary students the opportunity to plan and carry out an age-appropriate leadership project
• To help the elementary students understand the relationships among service, collaboration, and leadership

FAMILY INVOLVEMENT

Family members will be invited to a presentation of the leadership projects on the last day of camp. The rising 4th and 5th grade students will describe their project and show it to the audience. The M.Ed. candidates will meet with family members to explain how the upper elementary students grew in leadership skills throughout the camp experience.
