Description of faculty member's current research/creative interests:

Most of my research combines a community based participatory research (CBPR) approach and using a racial equity or anti-racism lens to understand and impact racial inequities in health and health-related factors. Most recently I have been working on outcomes that are broadly related to maternal and child health and to cancer care.

Description of faculty member's current research/creative needs:

I am also needing support for keeping up with the literature on my research topics, writing manuscripts, collecting and managing data, and assisting with other related research tasks.

Currently looking for a student to apply and work in these programs:

- Any program/opportunity
- Summer Undergraduate Research Experience (SURE)
- Spring Undergraduate Research Forum (SURF)
- Endowed Grant
- Lumen Prize

I can mentor a student enrolled in 498/499 hours during these semesters:

- Any start time
- Summer Session I 2020
- Summer Session II 2020
- Fall 2020
- Winter 2021
- Spring 2021

The ideal student would have the following qualifications:

Great communication skills across a variety of audiences, a desire to learn more and express humility with community partners, flexibility with responding to changes based on community needs and desires.
