

Dr. Anthony Crider

Department: Physics Email: acrider@elon.edu Office: Duke 108H

Description of faculty member's current research/creative interests:

I'm currently studying the visual culture of protest movements and what technologies are best suited to gather data for qualitative and quantitative analysis of marches and rallies. I'm also curious if game motivation studies can be applied to protests

Currently looking for a student to apply and work in these programs:

Any program/opportunity

I can mentor a student enrolled in 498/499 hours during these sem

Spring 2021

Spring 2022

Fall 2021

The ideal student would have the following qualifications:

I'm looking to work with students from a variety of majors (i.e., communications design, psychology, mathematics, journalism, computer science) that might want to delve deeper into the science of protest.

Students interested in working with me should...
