

Dr. Eric Bauer

Department: Biology **Email: ebauer@elon.edu** **Office: McMichael 124D**

Description of faculty member's current research/creative interests:

Screening chemicals in e-cigarettes for potential impacts on brain functions using fish as model organisms.

I can mentor a student enrolled in 498/499 hours during these semesters:

- Any start time
- Summer Session I 2020
- Summer Session II 2020
- Fall 2020
- Winter 2021
- Spring 2021

Description of faculty member's current research/creative needs:

Students in my lab partake of the full research experience, including collecting data and analyzing your data and the data from prior students. Ultimately you develop a project that fits within a multi-year story of my lab's research.

Currently looking for a student to apply and work in these programs:

- Any program/opportunity

Little bit more info:

I am only interested in students that are ready to commit at least 2 years to the lab. You won't get enough out of the experience in just a single semester or single year.

The ideal student would have the following qualifications:

We'll train you in what you need, but coming in with a sense of curiosity and a strong work ethic are vital.

Students interested in working with me should...
