

Dr. Caroline Ketcham

Department: Exercise Science Email: cketcham@elon.edu
Office: KAC 203

Description of faculty member's current research/creative interests:

My research is in the area of motor neuroscience. I am interested in neurodiverse populations (Autism, sensory processing, development). I also do work with concussions and positive mental health initiatives include act-belong-commit framework.

Description of faculty member's current research/creative needs:

Looking for students interested in multi-year projects to develop ideas and see it through to conference presentations and publication.

Currently looking for a student to apply and work in these programs:

- Any program/opportunity
- Summer Undergraduate Research Experience (SURE)
- Spring Undergraduate Research Forum (SURF)
- Endowed Grant
- Lumen Prize

I can mentor a student enrolled in 498/499 hours during these semesters:

- Any start time
- Winter 2021
- Spring 2021
- Sum I 2021
- Sum II 2021
- Fall 2021

The ideal student would have the following qualifications:

Curious, self-motivated students will have the most success in my lab. You do not have to know what you want to do - just be curious and willing to engage fully in the research process.

Students interested in working with me should...

email me to set up a meeting
