

# 2022 Tuition Exchange Program

**ATTENTION: FACULTY AND STAFF WITH DEPENDENTS PLANNING TO ENROLL IN COLLEGE IN FALL 2022.**

In addition to Elon's existing tuition remission program which allows qualified dependents to enroll here at Elon, the university is also a member of Tuition Exchange, Inc. This program offers Elon faculty and staff dependents the opportunity to study at other institutions with a waiver of some or all of their tuition. Tuition Exchange, Inc. includes over 677+ participating colleges and universities and is the largest such consortium in the United States. You can find a complete listing of TE participating institutions at the following website, [www.tuitionexchange.org](http://www.tuitionexchange.org).

If you are interested in the Tuition Exchange program, please complete the survey linked below **by September 17<sup>th</sup>** and provide the name of your dependent. **If you have already done so, you do not need to resend this information.** Remember that to be eligible for participation in the Tuition Exchange program, you must have completed four or more years of full-time service by September 1<sup>st</sup> of the academic year in which your dependent plans to enroll in college. <https://www.elon.edu/u/admissions/undergraduate/financial-aid/tuition-and-aid/tuition-exchange-program/>

Please note that policies governing Tuition Exchange programs vary among institutions and being certified as an eligible export from Elon University does not guarantee a Tuition Exchange scholarship will be awarded by your dependent's desired school. A certification is submitted to the school where it is completely up to the policy of the other school whether they award a scholarship or not. You are encouraged to explore the specific policies of each institution in which you have an interest. **Please see the notes below that will help answer questions you may have.**

1. Tuition Exchange is not the same as Tuition Remission. Tuition Remission is a guaranteed employee benefit based on years of service if the student is accepted to Elon.
2. No money exchanges hands between schools, so there is no direct reciprocal requirement between schools. For example, if we award a scholarship to a student coming from ABC University, that school is not obligated to award to a certified export from Elon.
3. It is rare for a school to award a Tuition Exchange Scholarship that, when combined with any merit awards already made, will exceed the dollar amount of tuition. Schools will usually combine their merit awards with the Tuition Exchange award to equal tuition.
4. Certification as an export by Elon for Tuition Exchange is not an application for admission to other schools. The student will still need to apply for admission to the schools for which they have an interest. If the receipt of Tuition Exchange is required to be able to enroll, be careful not to apply for admission under an Early Decision deadline which is binding.
5. The student will usually know if they are accepted to a school long before they know if they will receive a Tuition Exchange Scholarship. Most admissions decisions are released in December and March. Most Tuition Exchange Scholarship decisions are released in late March or into April.
6. Tuition Exchange, Inc. sets an arbitrary scholarship limit called the "set rate". For 2022-23, the set rate will be \$40,000. Schools are not required to award a Tuition Exchange scholarship that exceeds the set rate. If the full tuition amount is less than the set rate, the Tuition Exchange scholarship will usually be the full amount of tuition. If a school has a tuition rate higher than the set rate, the Tuition Exchange award will usually be the set rate and you will be responsible for the remaining level of tuition.
7. Tuition Exchange scholarship does not cover the cost of room and board.
8. Tuition Exchange scholarship is for fall and spring semesters and will not cover the cost of summer school or other special sessions or expenses.
9. A Tuition Exchange offer from another school will not exceed four years, or eight semesters. You will be responsible for the cost of any additional years or semesters.
