Required Courses for First Year Students

Contracts, 5 credits (Professors Johnson and Levine)

LAW621

A comprehensive study of the creation, transfer and termination of contract rights and duties. Fundamental common law principles such as capacity to contract, mutual assent, consideration and legality of subject matter will be addressed. Pertinent portions of the Uniform Commercial Code, particularly Article 2 dealing with sales, will be covered. Fundamental principles relating to performance, enforceability, contract defenses, and remedies will be addressed. ***First-year students are automatically registered for their Winter Trimester courses.***

Criminal Law, 3 credits (Professor Friedland)

LAW630

A study of substantive criminal law, including an examination of crimes and their elements. Specific common law and statutory crimes will be covered. Available defenses will also be explored. ***First-year students are automatically registered for their Winter Trimester courses.***

Criminal Law Lab, 1 credit (Adjunct Faculty Aberle, Parrish, Herron, Shimansky, Thompson and Courtney)

LAW635

This course is taught in conjunction with the first-year Criminal Law course. The Criminal Law Lab tracks a simulated criminal law case and provides students with the opportunity to engage in basic lawyering tasks (including interviewing, negotiation, oral argument, and drafting) under the supervision of a practicing criminal lawyer. ***First-year students are automatically registered for their Winter Trimester courses.***

Legal Method & Communication II, 2 credits (Professors Atkins, Cook, Liemer, Meredith, Ochs and Zborek)

LAW669

LMC II builds on the skills taught in LMC I, as students have additional practice in the basic conventions of written legal analysis, while working on a more complex legal problem. The focus will shift from predictive legal writing in the law office setting to persuasive legal writing on behalf of a client, for submission to the court. Students will conduct initial research on the client's problem, practice negotiating a settlement, and write a trial brief supporting a motion for summary judgment in the federal District Court. Relevant ethical considerations, project management skills, and other professionalism topics will be included. ***First-year students are automatically registered for their Winter Trimester courses.***

Required Courses for Second Year Students

Students must take the following courses before the end of their second year:

- Constitutional Law II (Students not registered for a Winter Residency will automatically be registered for Constitutional Law II).
- Residency-In-Practice (Students that do not have a Winter residency will be automatically registered for the Spring residency course).

Constitutional Law II, 3 credits (Professor Gaylord)

LAW721A

A study of the principles of American constitutional law. The course will examine the concept of judicial review, as well as other specific provisions of the Constitution, including the Due Process Clause and the First Amendment. Constitutional Law II is a continuation of Constitutional Law I. *Students not registered for a Winter Residency will automatically be registered for Constitutional Law II.*

Residency-in-Practice, 7-8 credits (Professor Conner and Other Faculty)

LAW890A

The Residency-in-Practice course requires 2L students to work 32 or 36 hours per week for 10 weeks in an approved governmental, judicial, non-profit, corporate, or private law firm, earning 7 or 8 academic credits. This academic requirement promotes “learning from practice” by providing students with opportunities for substantial lawyering experience reasonably similar to the experience of a lawyer advising or representing a client or engaging in other lawyering tasks, under direct attorney or judicial supervision at the field placement. By stepping in the role of a lawyer, students deepen their legal knowledge acquired in substantive courses, sharpen skills needed to be a successful lawyer, and make the professional connections and observations important to career development. Residents are assigned a Faculty Supervisor, who provides orientation to the program and guidance through written assignments, Affinity Group meetings that include other students, and individual conferences. Students will be awarded a grade on a Pass/Fail basis.

Students will know their Residency term by the fall term of their 2L year and will be registered for that term. **Students must register for one additional course of either 2 or 3 credits, bringing students up to a full academic load for the term.** Students are encouraged to take an accompanying course related to their Residency and one that does not conflict with work hours. Some courses will be offered through distance learning technology, so that students have the possibility of completing a residency and the accompanying course away from the law school. The residency experience takes priority during the residency trimester. Thus, any student (either local or non-local) who elects to take a residency accompanying course during normal working hours (8:30am – 5:00pm), must obtain consent from the student’s on-site supervising attorney or judge confirming that the student will be allowed to miss residency-related work during times that the accompanying course meets. An MOU for this purpose is available on the Registrar’s website and must be completed, with signatures, and returned to Professor Conner, preferably by registration and no later than the first day of Winter term. If the student’s work schedule will not permit the taking of the student’s chosen course, the student will have to enroll in a different accompanying course that does not conflict with work hours. The Law School’s in-house clinical residency placements have their own accompanying courses, and students in residencies there will be preregistered for those courses. *If you are fulfilling your Residency requirement during the Winter 2020 trimester, you will automatically be registered for either 7 or 8 credits based on the credits of your accompanying course, for a total of 10 credits.*

- **Communications Requirement**

Each student must also fulfill a Communications Requirement after the first year. The Communications Requirement is intended to develop communication skills and provide the student interim feedback on those skills. The Requirement may be filled by completing a law review note under faculty supervision, competing on a Moot Court or Mock Trial team, completing a Leadership Fellow Capstone Project, or taking a course designated by the Associate Dean for Academic Affairs as a “Communications Course.”

A student may not satisfy both the Communications Requirement *and* the Upper Level Writing Requirement with a single course or experience; each requirement must be met separately. For example, if a course is designated a “Communications Course” and the course includes writing a paper that would meet the Upper Level Writing Requirement, a student may satisfy either the Communications Requirement or the Upper Level Writing Requirement by taking the course, but not both.

Communications courses offered during the Winter 2019 Trimester are:

Advanced Legal Research, 3 credit course
Appellate Practice
Bankruptcy
Business Drafting
Client Interviewing and Counseling
Constitutional Law Appellate Advocacy Clinic
Consumer Protection
Guardian Ad Litem Clinic
