

ADVOCACY FELLOWS – ROUND TWO INFORMATION & APPLICATION FALL 2020 ENTERING CLASS

SUMMARY OF THE ADVOCACY FELLOWS PROGRAM

The Advocacy Fellows program, integrated across Elon Law's 2.5 year curriculum, is designed to provide students with the essential knowledge and practical, hands-on experience and skills necessary to become exceptional trial and/or appellate advocates on behalf of their clients.

Each Advocacy Fellow will take a core curriculum of advocacy courses, such as Evidence, Trial Practice & Procedure, Negotiations, and Appellate Litigation. In addition, Advocacy Fellows will have learning experiences outside the classroom, including:

- A summer externship in a judicial, governmental or law firm setting, such as a position clerking for a trial or appellate judge, an Attorney General, United States Attorney, District Attorney, Public Defender, or a law firm involved in civil or criminal litigation;
- Opportunities to meet with esteemed judges and leading trial and appellate litigators through an annual speaker series;
- Visits to state and federal trial courts in the area, as well as an annual trip to view arguments at the North Carolina Court of Appeals and/or Supreme Court and to meet Judges and Justices from these Courts;
- Opportunities to engage with the practicing bar through participation in activities such as Inn of Court, Greensboro Bar Association and North Carolina Bar Association meetings and continuing legal education (CLE) programs related to advocacy;
- Opportunities to compete in the school's Intramural Moot Court Competition and Mock Trial Program Tryouts, as well as assist with these competitions and the Billings, Exum & Frye National Moot Court Competition;
- Opportunities to represent clients in trial and appellate litigation through the school's Guardian ad Litem Appellate Advocacy Clinic and other clinics; and
- Opportunities to mentor future advocates by volunteering to work with local college and high school mock trial and moot court programs.

In addition to the many experiential learning opportunities provided to Advocacy Fellows and detailed above, the Fellows program also provides:

- a stipend covering the tuition cost and a portion of the living expenses for the summer externship; and
- an Advocacy Fellows Scholarship toward tuition during the academic year, renewable for 2.5 years assuming continued participation in the Advocacy Fellows Program.
